

We're not just your local grocer.

We're neighbors and friends hurt by unfair credit card fees.

Americans pay huge, hidden credit card fees every time they use plastic.

\$48 billion in hidden fees in 2008 alone

The average American family pays around **\$400 every year** in hidden credit card fees.

Now you can help us stop these hidden fees. Please **sign our petition** and help keep us going strong.

Ask
Congress to
STOP credit card
companies from
charging unfair
transaction
fees.

Help US Fight Unfair Credit Card Fees.

Ask Congress to stop credit card companies from charging unfair transaction fees to the businesses you shop.
