Company Description: We could tell you that when Sarah and Emmet Condon started Remedy in their kitchen in Melbourne, Australia, they had no idea what lay ahead. But we'd be lying. They had an inkling. It all started with some home-brewed kombucha. Their kids were into it. Their mates were hooked. Family members were dropping by more often for a taste.

So, they took a chance. Some might call it a massive risk. They had a young family. No jobs to fall back on. Some savings, a couple of credit cards. Entrepreneurial know-how, but no experience in the food and drinks world. What they did have was big aspirations and a simple belief.

They wanted to do something good. Shake things up. They knew that healthy didn't have to be boring. Healthy could be tasty. Extraordinary, even. They believed we all deserve to know that too.

And it's just the feeling Respect® is going for. See, we got bored with the food conversation: too scientific, too complex. Yawn. Let's talk about the joy of simple and well-prepared food. Let's go to tastytown. Let's get together at the kitchen table and change those mealtime woes into mealtime wows.

Company Description: Retail Insight is a leading provider of in-store execution software for grocery retail. We help retailers tackle some of their biggest challenges, including product availability, food waste management, labor productivity, and phantom inventory.

We believe that successful solutions are built on a fundamental understanding of the nuances and complexities that come with the retail industry. This is why we use cognitive technology; the augmentation of human subject-matter expertise and analytics with advanced mathematical techniques.

Our software solutions ingest a retailer's foundational data to surface actions for your in-store teams as well as provide all-level reporting. As a result, we seamlessly integrate with your existing tech stack, require little IT investment or change management, supplement existing inventory and ordering systems and carry little to no capital investment.

As a result, we now work with many of the world's leading grocery retailers and CPGs.

Company Description: Two of the most trusted household brands, Reynolds® and Hefty®, joined together as Reynolds Consumer Products in 2010. While the establishment of this new company made it official, the truth is that Reynolds® and Hefty® products have been found side-by-side in the kitchens of American families for more than three generations.

The creation of both the Reynolds® and Hefty® brands is the direct result of American ingenuity mixed with a bit of elbow grease. Reynolds Wrap® foil was invented after aluminum was no longer needed for military use; and became a new staple for American kitchens. Hefty® waste bags were first developed with excess material from an early plastics innovator, creating another household essential.
