Company Description: Afresh is the world's leading fresh technology company helping grocers make smarter decisions throughout their fresh supply chain, ultimately increasing profits and significantly reducing food waste.

Success in fresh relies on making good decisions with incomplete, ever-changing, and uncertain information — realities inherent and inevitable in fresh grocery. Legacy systems and practices for managing fresh inventory are not built to recognize or respond to this reality. Many grocers today are stuck betting their most strategic category on brittle technology and convoluted labor practices, leading to increased costs and reduced quality for consumers.

With Afresh's built-for-fresh approach, more than 3,000 stores are seeing incredible results, on average:

- +3% sales increase
- +20% improvement in labor efficiency
- 25% shrink reduction
- 80% stockout reduction
- +7% faster inventory turns
