- **CoolSys** added
- **Food Sign Pros** added

## Overview

We understand that the shortage of personal protective equipment (PPE) has become increasingly urgent for our retail and manufacturing members who are working to ensure employees feel safe and protected while helping keep the nation's food supply fully stocked. FMI hears your concerns and is working with our manufacturing, distribution and advisory contacts for sources who can currently supply PPE and those working to retool to begin manufacturing PPE in the near future.

The resources below have been compiled for our members which are meant to assist in finding potential sources of PPE products. FMI does not currently have an existing relationship with any of the foregoing companies but have communicated with representatives regarding the services they currently are offering. We will continue to update these resources as additional sources become available.

Updated FAQ from the Food & Drug Administration ([April 4, 2020](#))

On April 3, the CDC released an updated [recommendation](#) regarding the use of cloth face coverings to help slow the spread of COVID-19. CDC recommends the use of simple cloth face coverings as a voluntary public health measure in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies).

For workers on farms, and in food production, processing, and retail settings who do not typically wear masks as part of their jobs, consider the following if you choose to use a cloth face covering to slow the spread of COVID-19:

- Maintain face coverings in accordance with parameters in [FDA's Model Food Code](#) sections 4-801.11 Clean Linens and 4.802.11 Specifications.
- Launder reusable face coverings before each daily use.
- CDC also has [additional information on the use of face coverings](#), including washing instructions and information on how to make homemade face covers.

NOTE: The cloth face coverings recommended by CDC are not surgical masks or N-95 respirators. Those are critical supplies that must continue to be reserved for healthcare workers and other medical first responders, as recommended by current CDC guidance.

# ALL HEROES WEAR MASKS THESE DAYS, JUST DIFFERENT KINDS

**For Grocery Retail**  
Use a cloth mask

**For Medical Professionals**  
Use N95 or surgical masks

The CDC now recommends that individuals wear cloth face coverings in public settings where other social distancing measures may be difficult to maintain (e.g., grocery stores and pharmacies) especially in areas of significant community-based transmission.

## **Potential Sources PPE**

### **Hand Sanitizer**

#### **Next Century Spirits**

Referral Source: Friend/staff of FMI

Contact: Anna De Santis

[agardner0222@gmail.com](mailto:agardner0222@gmail.com)

919-744-1752

Details: Business pivoted to manufacture hospital grade liquid and gel sanitizer. They have 1,000s of gallons of high-grade sanitizer available every week.

See Attachment A.

#### **Gel Sanitizer**

70% alcohol

FDA approved

Product sizes: 15 oz (\$6.50/unit) & 1 gallon (\$21/unit)

Minimum order: 30,000 flip tops or 2,150- the equivalent of 1 shipping container, 75% down. Can discount for 6 month or more orders

Can start shipping approximately 2.5 weeks from order

#### **FMI-DISCUS Partnership on Hand Sanitizer Production**

FMI has engaged with the Distilled Spirits Council of the United States (DISCUS), a trade association representing distillers across the country. A number of these distilleries have converted their production operations to making hand sanitizers. Their goal is to provide their production capabilities to help supply your needs. In our discussion with DISCUS, we found that each distillery is producing its own supply based on access to packaging supplies and the like. Some of the supply is industrial; some is for resale; and some is to be used in donations. To access this new supply of hand sanitizer, DISCUS has created this link: [DISTILLERS RESPONDING TO COVID-19](#)

#### **Metrologo**

Referral Source: FMI leadership staff

Contact: Randy LeFaivre, President, [Randy@metrologo.com](mailto:Randy@metrologo.com)

202-629-3053

[www.metrologo.com](http://www.metrologo.com)

Details: Availability for 1000 hand sanitizer 1 oz bottles with logo - all made in USA due to canceled order, due to ship in 7-10 days. (Back log is approx. 30 days) \$2.50 ea.

## **Thermometers and Temperature**

During a 4/1/20 call with American Logistics Aid Network partners (representing the full supply chain spectrum), a few best practices/suggestions emerged:

- Disposable 'Temp N Toss' thermometers. <http://tempagenix.com/>
- Utilize school nurses (or med students) in warehouses to take temperatures.
- In House Physicians for facilities with more than 250 people. Temporary Worksite Clinics, temperature checks, COVID-19 testing. Contact Patrick Gahagan [pgahagan@ihphysicians.com](mailto:pgahagan@ihphysicians.com) -- For more information, see Attachment B.

## **Testing**

### **Nationwide Screening**

**Referral Source:** Referral from state association

Contact Information:

Donna J. Wadzita

Psy-Q-Chem, Inc.

## **Masks/Face Shields**

### **1. Velotec**

**Referral Source:** FMI Member (Retailer Independent Operator)

Contact Information:

Jeremy Howard

Velotec Sports, LLC

618 S Glasgow Avenue

Inglewood, CA 90301

Email: [jeremy@velotecsports.com](mailto:jeremy@velotecsports.com)

(401) 935-6357

Details:

Products: Face Shields and face masks

See Attachment C for photos and more details.

#### **PPE Item 5901 3/4 Face Shield**

Length 7.5"

Order Quantity: 200-20,000 = \$3.00 each

#### **PPE Item 5902 Full Face Shield**

Length 9"

Order Quantity: 200-20,000 = \$3.10 each

Time to delivery of 3-8 (depending on quantities)

## 2. Two-One-Two New York

**Referral Source:** Cold call/ outreach to FMI

Contacts: Christina Fumei [christina@212nyusa.com](mailto:christina@212nyusa.com); Rocco Marini [rocco@212nyusa.com](mailto:rocco@212nyusa.com); Carole Schultz [carole@212nyusa.com](mailto:carole@212nyusa.com)

Marisa Fumei-South

President

Two-One-Two New York

60 Heartland Blvd.

Edgewood, N.Y. 11717

(212) 840-8665

Email: [marisa@212nyusa.com](mailto:marisa@212nyusa.com)

### **Details:**

Products: PPE Masks and gowns

See Attachment D for photos and more information.

Produced exclusively in the USA, delivery in available within 3 weeks for all orders placed immediately.

### **PPE Mask style 428802**

100% cotton, washable & reusable, technical knitting-knit to shape

Current delivery/ship = 50K units per week, beginning 10 days from order placement

Packed 5 pcs per poly bag x 10 packs per carton = 500 pcs per carton  
\$3.00

**PPE Mask style 428812**

100% cotton, washable & reusable

Current delivery/ship = 50K units per week, beginning 10 days from order placement

Packed 5 pcs per poly bag x 10 packs per carton = 500 pcs per carton  
\$2.60

### **3. Faurecia (Photos and additional information in attachment)**

**Referral Source:** American Bakers Association

Contact information:

**Francisco Almeida** Vice President German OEMs

**Automotive Seating Business Group-NAO Faurecia**

M +52.55.7919 5399

[francisco.aaf.almeida@faurecia.com](mailto:francisco.aaf.almeida@faurecia.com)

Calle Ebano Nave 29 Parque Ind. FINSA Cuautlancingo, Puebla.  
72710 MEXICO

#### **Details:**

Products: Masks and gowns

Faurecia, VW's interior parts manufacturer in Chattanooga, TN supplier park (typically manufacturing cloth seat covers) is producing FDA-approved masks and gowns and is seeking customers who need these supplies. Volkswagen will purchase and then donate the first shipment to the Javits Center in New York.

For further purchases of face masks/gowns, Faurecia notes capacity is now:

1-1.5 million masks per week

And .5 million gowns per week

See Attachment E for all photos and information.

### **4. JAB Companies (All photos, FDA certificate and information in attachment)**

**Referral Source:** FMI Supplier Diversity Committee member at UNFI

**Contact information:**

Dave Badhwa

JAB Companies, Inc.

455 37th Avenue NE, Suite B

Columbia Heights, MN 55421

PH: 612-338-0794 MB: 612-396-8705 FAX: 612-338-4136

Email: [daveb@jabcomp.com](mailto:daveb@jabcomp.com) Web: [www.jabcomp.com](http://www.jabcomp.com)

Skype: DAVEJAB

#### **Details:**

Products: Masks and infrared thermometer

See Attachment F for details.

Currently 5 - 7 days delivery (AIR FREIGHT DHL) into the USA upon receipt of payment.

## 5. Ukrop's Threads

**Referral Source:** Bobby Ukrop

**Contact: Michelle Altic, Marketing Manager**

[michelle.altic@UkropsThreads.com](mailto:michelle.altic@UkropsThreads.com)

[www.UkropsThreads.com](http://www.UkropsThreads.com)

Midlothian, VA 23113

P: 804.323.3300

**Details:** Based on new information, combined with retailer demand, we've shifted our focus to source cloth masks instead of the KN95 mask. These masks are also more readily available.

Our innovative no-sew design means this mask is produced with zero human touch. Ultra-soft jersey fabric makes this one-piece facemask comfortable and breathable. A one-size-fits-all design with two ear holes and a contoured shape makes the mask versatile for many different face sizes and shapes. These masks are intended to be disposable.

Features: Raw edges. Two ear holes accommodate diverse face shapes and sizes. Contoured design to cover the wearer's nose and mouth. One size fits all adults.

Fabrication: 52% Airlume combed and ring-spun cotton, 48% polyester, 32 single 4.2 oz.

*Disclaimer: The mask should not be used (1) in any surgical setting or where significant exposure to liquid, bodily or other hazardous fluids, may be expected; (2) in a clinical setting where the infection risk level through inhalation exposure is high; or (3) in the presence of a high intensity heat source or flammable gas. Ukrop's Threads makes no warranties, either express or implied, that the mask prevents infection or the transmission of viruses or diseases.*

## 6.) Patriot Pickle, Inc.

**Referral Source:** Friend Referral through FMI Staff

Contact Info: Bob Rento

Vice President

Patriot Pickle, INC

20 Edison Dr

Wayne, NJ 07470

C 610-657-3500

O 973-709-9487

[www.PatriotPickle.com](http://www.PatriotPickle.com)

**Details:** Patriot Pickle can secure surgical masks through a relationship in China. Patriot also can economically distribute the masks to grocery chains that we already supply our 32oz quarts of refrigerated pickles. All of our retail quarts are manufactured for our broker partner Farm Ridge Foods or Grillo's.

## 7.) Aviation Without Borders / Via NeedsList.co

**Referral Source:** American Aid Logistics Network/ Kathy Fulton and NeedsList CEO Natasha Freidus, CEO, co-founder, [NeedsList\\_@needslist4good](mailto:NeedsList_@needslist4good)

**Process:** [fill this form out](#) to the best of your knowledge to initiate the request.

AWB can provide quotes for specific supplies depending on quantity, location, etc.

**Details:** Aviation Without Borders has its first round of offers for COVID-19 response on their NeedsList. Over 21 million PPEs and ventilators are available and can be delivered anywhere from 7-11 days from now (PPEs) to end of May (ventilators). Details are as follows:

### 3 ply Surgical Masks:

- 10 mil within 10 days
- 50 to 100 million easily shortly after.

### Testing Kit:

- Up to 1 million within 7 - 10 days.

### Nitrile Gloves:

- Any quantity.

### Infra-Red Non-Contact Thermometers:

- 200,000 within 10 days

**Note:** Although the organization normally accepts requests for these offers from hospitals/clinics, governments, or organizations working directly with hospitals/clinics and healthcare workers, grocery is also understood to be critical infrastructure and requests will be considered.

## 8.) Solomon Matzner

### Bio-Aktive

**Referral Source:** Personal chain of referrals from FMI leadership to Solomon Matzner (US businessman in Shanghai)

**Contact:** Solomon Matzner [smatzner@bio-aktive.com](mailto:smatzner@bio-aktive.com)

+86 138 1633 8840

Details: Solomon Matzner currently has availability for 3 ply surgical masks. He has retooled his supply chain team to focus on procurement to aid in crisis response.

Product	Price/Mask	Minimum Order	In Stock	Capacity	Term	Payment Term
Redacted image						
3 Ply Surgical Mask	\$0.33	1000	200000	100000+ daily	EXW China	Advance Payment

Note: One option is FedEx or DHL shipping in small boxes directly to stores which typically occurs within 5-7 days from the date of payment and may clear customs more easily. Current rate for shipment charge is \$350 for minimum order quantities.

An alternative option would be shipping large pallet loads by air. This will take longer to clear customs and then will require more local logistics in the US. An estimated timeframe is around 10-14 days.

Payment Options include Paypal for smaller shipments and wire transfer for larger orders.

Documentation: Both products have full documentation and testing. They are CE marked and everything you need to import.

Images below for reference.

3 Ply Surgical Masks

### **9.) Flightparts**

**Contact:** Nolan Reyher, maintenance division, based at facility in China.  
+86 130 0393 6369; [nolan.reyher@flightparts.com](mailto:nolan.reyher@flightparts.com)

**Referral Source:** Personal chain of referrals from FMI leadership

Flightparts has over 10 years of experience in supplying inflight items and played an important role in supporting the world during the previous H1N1 crisis.

Main Products:

- Disposable Face Mask
- PPE Suite
- Goggle
- Disposable Hand Gloves
- Hand Sanitizer

See Attachment G document for ordering information.

**10.) All American Sportswear in Los Angeles**

**Contact:** Ann Victor [Ann@AllAmericanSportswearCorp.com](mailto:Ann@AllAmericanSportswearCorp.com)

714.307.2757 (cell phone)

**Subject:** PPE Faskmasks - Los Angeles

**Referral Source: Cold Call to FMI**

All American Sportswear is based in Los Angeles. They are currently re-tooling their production capabilities and have developed a facemask that is re-useable, has moisture-wicking properties and anti-microbial features. There are currently two versions (see Attachment H for sample pictures)

<all american sports wear face mask overhead.jpg>

<all american sportswear facemask ear.jpg>

<sorbtek moisture wicking.pdf>  
(Attachment)

**11.) Spanish source - Valencian company SOMTECH**

**Contact: Mario Serrano [mserrano@somtech.es](mailto:mserrano@somtech.es)**

**Referral Source: Oliver Wyman connection**

Spanish supplier for masks/ protective screen.

(see photo below)

New design: an injection mold, working with retailers and hospitals in Spain.

Need to scale: could go from 30 pieces/day to 12,000 pieces/day; would produce 85,000 pieces/week.

Cost: around 1€ per mask. This includes injected support + transparent sheet + elastic/plastic hook) They speak English and work internationally.

\*\*\*\*\*

Note: Standard delivery time following production in 10-15 days.

**12.) Cafno LLC**

**Contact: Ryan Grobler at 970-987-1828**

**or email [ryan@fridgewize.com](mailto:ryan@fridgewize.com)**

**<http://cafnomedicalsupplies.com/>**

**Referral Source: Retail Grocers Association of Kansas City**

## 20.) CoolSys

**Referral Source:** FMI Member (Technology Supplier)

Contact:

Jeanne Ackerman

Coordinator, Sales and Marketing

CoolSys

Phone: 714- 510-9589

Email: [jackerman@coolsys.com](mailto:jackerman@coolsys.com)

Details: CoolSys is providing sneeze guard installation services at checkouts.

As the need for protection against Covid-19 transmission remains critical across the United States, CoolSys, a parent of market-leading refrigeration and HVAC services companies nationwide, is providing installation of plexiglass protective panels, known as sneeze guards, at check-out counters in grocery, restaurant and other essential retail stores.

## 21.) Food Sign Pros

**Referral Source:** Unsolicited email to FMI Staff

Contact:

Makayla Labik

[makaylabilabik@foodsignpros.com](mailto:makaylabilabik@foodsignpros.com)

Details: FoodSignPros.com has shifted its manufacturing efforts to help battle COVID-19. We are now producing POS cashier sneeze guards, face masks, floor decals, window clings, and other health-and-safety devices.

Products:

### Cashier Sneeze Guards

## 22.) Other References

- Free Access to SAP Ariba Discovery (Next page)

### **Supply Chain and Sourcing:**

With greater flexibility needed in supply chains, for approximately the next 90 days, we have opened access to SAP Ariba Discovery, so any buyer can post their immediate sourcing needs, and any supplier can respond to show they can deliver.

**Free to post, free to respond, all fees are fully waived for all buyers and sellers.**

This offer is open to everyone. Access to SAP Ariba Discovery will help buyers and suppliers connect quickly and effectively, and minimize disruption caused by shipment delays, capacity issues and increased consumer demand in times of crisis. The Ariba Network is the largest business network in the world, representing over 4 million suppliers in over 190 countries, and we're gladly opening this up in an effort to help avoid business disruption.

## **Government Reference (FEMA):**

Excerpt from March 27, 2020

### [Administrator Gaynor Sends Letter to Emergency Managers](#)

*The coronavirus disease 2019 (COVID-19) pandemic has transformed our daily lives and our profession in a matter of weeks. Together with our public health colleagues, we work as a team to battle the nationwide effects of this virus. Today, Administrator Gaynor sent the following letter to emergency managers outlining critical steps to help the nation respond to COVID-19:*

Seventh, manage Personal Protective Equipment (PPE) carefully. We have stood-up the *Supply Chain Stabilization Task Force* within FEMA with the purpose of increasing the flow of critical medical supplies such as N95 masks, surgical masks, and ventilators. We are using four guiding principles: 1) preserve what we have; 2) locate medical stockpile around the globe; 3) distribute them to locations most in need; and 4) build capacity in America through partners with industry. While some of these strategies will yield near-term benefits, it must be your highest priority to carefully manage what you have available to you now.

To help you with this, the CDC produced a [Personal Protective Equipment \(PPE\) Burn Rate Calculator](#). This spreadsheet-based model provides information for healthcare facilities to plan and optimize the use of PPE for response to COVID-19. Similarly, non-healthcare facilities (e.g., correctional facilities) may find this tool useful for planning and optimizing PPE use as part of the response to COVID-19. This tool can also be used for planning PPE use outside the context of COVID-19, where PPE shortages may also occur due to supply chain issues related to the COVID-19 response (e.g. manufacturing facilities).

FEMA will reimburse all eligible expenses for emergency protective measures under the Stafford Act; however, do not wait for the PPE from the Federal government to show-up. Take aggressive action now to source your own. Because of the actions the Administration and federal government is taking, you will begin to see PPE supplies come online in the weeks ahead as the commercial distribution chain adapts as well as the quantities of shipments from the Strategic National Stockpile continue to move. Continue to be resourceful, ask the building trades to donate PPE or that they allow you access to their supplier; and, ask dental and outpatient offices that are closed to donate PPE to local hospitals and care critical care sites. And finally, I ask you to review and utilize the guidance the *Supply Chain Stabilization Task Force* released regarding guidance for PPE.

Lastly, some [external communication](#) resources that may be helpful:

- [Best Practices](#): This page provides a platform for sharing best practices and lessons learned by the government, private sector, academic institutions, professional associations, and other organizations to support the whole of community response.
- [Rumor Control](#): This page is to help the public distinguish between rumors and facts regarding the response to COVID-19.
- [How to Help](#): This page provides guidance on how to donate critical resources & supplies; how to do business with FEMA; and, how to volunteer.

\*\*\*\*\*

As the food industry association, FMI works with and on behalf of the entire industry to advance a safer, healthier and more efficient consumer food supply chain. FMI brings together a wide range of members across the value chain — from retailers that sell to consumers, to producers that supply food and other products, as well as the wide variety of companies providing critical services — to amplify the collective work of the industry. ### About Us

InHouse Physicians has been protecting the health of employees for over 30 years with our worksite clinic solutions. Our temporary clinics are currently being delivered to some of the largest corporations in the world including Intel, Visa, McDonald's, Merck, Abbott, Genentech, Gilead, Mass Mutual, Prudential, Lincoln Financial, and many more.

# Temporary Worksite Clinics

**Business Continuity is a top priority for corporations today. Ensuring employee access to convenient, safe, and high-quality healthcare has never been more important. A temporary worksite clinic can address this short term challenge by offering the following:**

- ▶ **Mobile, CDC Compliant Clinic**
- ▶ **Fever Checks**
- ▶ **Urgent Care Services**
- ▶ **Influenza &  Testing**
- ▶ **On-Site Pharmacy**
- ▶ **Coordination with Employee Benefits Team**

To learn more, contact Patrick Gahagan | InHouse Physicians, Vice President - Client Development

# PERSONAL PROTECTIVE EQUIPMENT Item 5901 3/4 Face Shield

## FACE SHIELDS

Face shields provide a lightweight splash and anti-fog barrier for applications where exposure to fluids is possible. They are constructed from a single PE optical shield with a removable film for protection in shipping and handling. The headband is constructed from a foam brow that provides comforting cushioning and ventilation for extreme environments. The elastic headband is self-tensioning for a customized fit to a variety of head shapes. Face shields are compatible for use over goggles or optical glasses and eyewear. Available in 3/4 length (7.5") and full length (9")

### Product Specifications:

Length 7.5" (19cm)  
Width 13" (33cm)

### Product Features:

- Anti-fog and anti-glare PE film shield (0.3mm) with minimal optical distortion and full peripheral vision
- Adjustable elastic band for any head size
- Vented foam headband for airflow and comfort fit
- Free of natural rubber latex
- Single use

## ORDERING INFORMATION

Item No.	Description	Order Quantity	Costing

TWO ONE TWO NEW YORK  
60 Heartland Blvd.  
Edgewood, N.Y. 11717  
Tel 212-840-8665

3-30-20

We hope this finds you and your loved ones well. It goes without saying, we are all struggling thru this precarious and uncertain time.

On the 212NY front, we're proud to have retooled our facility and are now aligned with a consortium of **USA** manufacturers to produce the Hanes masks contracted by FEMA.

At the same time, we are producing PPE general use masks, patient gowns, hospital blankets and throws as well as beanies, all made in 100% bleachable cotton, to be used when FDA-cleared items are unavailable, intended to reduce the potential spread of virus (not recommended for use in surgical setting or where significant exposure to liquid, bodily fluids or other hazardous liquids may be expected.)

We have the necessary raw materials on hand and 120+ machines available; we're reaching out offering you the opportunity to place immediate orders for our washable/reusable cotton masks that may be used by your employees and/or customers.

Some of our customers have already placed their orders with the intent to donate to local facilities. We've also earmarked a portion of our production to be donated to Long Island entities.

We're doing our part to help our communities stay safe while working to bring all our dedicated employees back to work. Let's all step up to support each other.

Wishing good health and the very best for everyone!

Marisa Fumei-South  
212-840-8665

## Capability Statement

**Design • Development • Production • Delivery**  
**Sweater Knits, Hospitality and Home Furnishings**

**The key to sourcing wisely is working close to your delivery and closer to your manufacturer!**

Two One Two New York, Inc. is a fully vertical, 100% domestic, New York based sweater knit manufacturer offering state of the art technology and unparalleled innovative product development within a rapid response speed to market model. With 35+ years of experience in the industry we offer the highest quality domestic product at competitive pricing.

### Core Capabilities:

- **575,000 units per month**
- **Circular and flat knitting** technologies across all gauges
- Full service operation from one location - **design to delivery**
- **Factory direct pricing**
- Exceptional **product development** and **Quick response** sampling
- Broad product assortment from **men's and women's sweaters, knit dressing** and knit accessories (**beanies, hats, mittens, scarves**) to **hospitality and home furnishings soft goods** (blankets, throws, pillow coverings and bed skirts)
- Customized, **proprietary software** manages and tracks every phase of production offering real-time status reports allowing for **full transparency** to customer
- **In house** custom twisting, brushing, washing and tumbling

### Differentiators:

- **Women /minority owned** – family operated
- **100% domestic operation**
- Design, sampling, production, delivery all from one location offering seamless lines of communication
- Unparalleled design, innovative stitch development and knowledge of yarn market offers superior domestic product at competitive price points
- Speed to market – **design to delivery in 6-8 weeks**
- **Rapid replenishment** in as little as **3 weeks** - allows for maximum **Inventory control**
- **Exclusive manufacturer** utilizing **Upycled Sustainable** cotton blends and Unifi **Repreve** Yarns in sweater knit application
- Extensive yarn offerings covering natural and synthetic fibers including fancy novelty yarns

**NO Tariff Uncertainties**

**NO Containers Held due to Unforeseen Circumstances**

**Manufacturing 100% of our product in New York since 1984**

Faurecia, VW's interior parts manufacturer in Chattanooga, TN supplier park (typically manufacturing cloth seat covers) is producing FDA-approved masks and gowns and is seeking customers who need these supplies. Volkswagen will purchase and then donate the first shipment to the Javits Center in New York.

For further purchases of face masks/gowns, Faurecia notes it's capacity is now:

1-1.5 million masks per week

And .5 million gowns per week

**Características y especificaciones Cubre Bocas Tricapa Plisado**

**Especificaciones:**

1. Dos capas de tela quirúrgica desechable 30 g.
2. Filtro SMS 50 g. (Membrana de filtración de tejido de microfibras, Meltblown)
3. Elástico de tres ligas.
4. Nivel de protección # 2.
5. Polipropileno 100%.

**Características:**

- La tela es capaz de bloquear los gérmenes patógenos de los fluidos por su propiedad hidrofóbica.
- Eficiencia de filtración al 99%.
- Gran resistencia al desgarro.
- Cuenta con una excelente elongación.
- Excelente permeabilidad al aire.
- No acumula ni calor ni humedad.
- Excelente resistencia al paso de líquidos.
- Buena opacidad.
- Más suave al tacto que el spunbonded.
- Es una barrera microbiana.
- Estabilizador UV.

Producto Fabricado en México bajo normas y estándares internacionales  
y con autorización COFEPRIS

# Sorbtek®

Moisture-wicking fibers let you go from the gym to your next stop without looking like you just exercised.

Sorbtek®

# Keeps clothes cool, dry and comfortable

## POTENTIAL BENEFITS:

- **Catch-Move-Release™** superior moisture management system
- Moisture-wicking for cool, dry comfort
- Permanent, tested up to 50 launderings
- Targeted performance, use it only where it is needed
- Combines well with other proprietary additives or finishes for additional benefits

## AVAILABLE:

- **Sorbtek®** is available in a full range of **REPREVE®** and **ProFiber™** yarns and multiple fiber types
- Polyester filament
  - o Staple and spun
  - o Limited nylon
  - o Solution or packaged dyed
- Produced globally

Fabric construction: 50% Sorbtek Polyester Jersey Knit.  
Grade 5 represents the best soil release and 1 the poorest.

## END USES:

Apparel

Automotive

Bedding

Footwear

Medical Accessories

Socks/Hosiery

Technology is in the yarn structure. Performance dependent upon fabric construction.

For fabric construction recommendations and dyeing and finishing guidelines, please refer to the Unifi Code of Best Practices.

For fabric certification and branding support, all products must undergo testing to ensure fabric quality and integrity.

REPREVE®, PROFIBER™, SORBTEK® area registered marks of Unifi, Inc. and are registered with the U.S. Patent and Trademark Office and with others

## HELPFUL HINTS:

- Fabric content, construction, dyeing and finishing influences moisture management properties.
- Determination of wicking AATCC 197
  - o Standard-15cm <30 minutes after three launderings
