

CREATURE TALK

Imagine you could **instantly shrink** a large animal so it could fit in your pocket.

Which animal would you **choose to shrink**?

If animals could **understand you**, which animal do you think would be the **best listener** when you're having a bad day?

Which animal **matches your personality** the most? The least?

Is there an animal you're afraid of? Why?

For those with **pets**: What is the **funniest thing** one of your pets has ever done?

If you have **photo or video proof**, please **share it**!

Do you have a **favorite movie or TV show** that features an animal? Why is it your favorite?

If you could **turn into any animal** for a whole day, what would you be & what would you do?

What is your **favorite animal** to see at the zoo, pet store, or animal sanctuary?

If animals could **talk**, which animal would you think would share the **most interesting stories**?

Animals can live in **packs, herds, or completely alone**. Do you think you're more like an animal with a pack or an animal that likes to explore alone?

For those with **pets**: if you could ask your pet one **question about their life** before they met you, **what would you ask**?
