

CONTENTS

PrefaceXIV

CHAPTER 1

FOOD SAFETY AND SANITATION MANAGEMENT

New Challenges Present New Opportunities 5

Food Safety—Why is it Important? 5

Why Me? 6

Changing Trends in Food Consumption and Choices 7

The Problem: Foodborne disease 8

 Contamination 9

 Microorganisms 10

The Food Flow 11

 Delivery 11

 Receiving 11

 Storage 11

 Service 11

Facility Planning and Design 12

Keeping It Clean and Sanitary 12

A New Approach to an Old Problem 13

Accident Prevention and Crisis Management 14

Education and Training Are Key to Food Safety 15

The Role of Government in Food Safety 15

 The FDA *Food Code* 16

The Role of the Food Industry in Food Safety 16

Food Protection Manager Certification 17

Summary 19

Quiz 1 (*Multiple Choice*) 20

References/Suggested Readings 21

Suggested Web Sites 21

CHAPTER 2

HAZARDS TO FOOD SAFETY

Foodborne Disease	25
Foodborne Hazards	27
Bacteria	28
Spoilage and Disease-causing Bacteria	28
Bacterial Growth	29
What Disease-causing Bacteria Need in Order to Multiply	30
Food	31
Acidity	31
Temperature	32
Time	32
Oxygen	32
Moisture	33
Time/Temperature Control for Safety Food (TCS)	34
Ready-to-Eat Foods	36
Foodborne Disease Caused by Biological Hazards	37
Sporeforming Bacteria	38
Non-sporeforming Bacteria	39
Foodborne Disease Caused by Viruses	42
Foodborne Infections Caused by Parasites	44
Foodborne Problems Caused by Chemicals	45
Naturally Occurring Chemicals	45
Food Allergens	45
Natural Toxins	47
Added Chemicals	48
Foodborne Disease Caused by Physical Hazards	49
Summary	50
Quiz 2 (Multiple Choice)	51
References/Suggested Readings	53
Suggested Web Sites	53

CHAPTER 3

FACTORS THAT AFFECT FOODBORNE DISEASE

Agents that Lead to Foodborne disease in the United States.....	57
Factors That Contribute to Foodborne Disease.....	57
What Is Temperature and Time Abuse?.....	59
Measuring Food Temperatures Correctly	60
When and How to Calibrate a Thermometer.....	63
Measuring Food Temperature.....	63
How to Accurately and Safely	64
Preventing Temperature and Time Abuse.....	64
Keep Cold Foods Cold and Hot Foods Hot!.....	67
Proper Thawing of Food	68
The Importance of Good Personal Hygiene and Handwashing.....	69
Handwashing.....	70
Hand Antiseptics (Hand Sanitizers)	73
Using Disposable Gloves.....	73
Outer Clothing and Apparel	74
Personal Habits.....	74
Personal Health.....	76
Cross Contamination.....	78
Other Sources of Contamination	79
Make Sure the Work Area Is Clean and Sanitary.....	80
Summary	81
Quiz 3 (Multiple Choice).....	82
References/Suggested Readings.....	85
Suggested Web Sites.....	85

CHAPTER 4

FOLLOWING THE FLOW OF FOOD

Following the Flow of Food.....	89
Buying from Approved Sources	89
Measuring Temperatures During Receiving, Storage and Preparation.....	90

Receiving	90
Inspecting Delivery Vehicles.....	90
Determining Food Quality	91
Packaged Foods.....	93
Reduced Oxygen Packaging (ROP).....	93
Vacuum Packaging.....	95
Modified atmosphere packaging (MAP)	95
Checking for defective cans	96
Sous vide	96
Regulations regarding Reduced Oxygen Packaging (ROP).....	98
Irradiation	99
Meat Products.....	100
Poultry.....	101
Game Animals.....	102
Eggs.....	103
Milk Products.....	104
Fluid milk.....	105
Cheese.....	105
Butter.....	105
Fish and Shellfish	106
Fruits and Vegetables.....	110
Juice	112
Frozen Foods.....	112
Storage of Food	113
Types of Storage	113
Refrigerated Storage.....	114
Freezer Storage.....	115
Dry Storage	116
Chemical Storage	116
Preparation and Service	117
Ingredient Substitution	118
Thawing.....	118

Cold-holding.....	120
Refrigerators, display case and cold service bars.....	121
Cold, raw TCS foods (like meat and poultry).....	121
Fish and seafood	121
Cold, ready-to-eat TCS foods.....	121
Ready-to-eat salads.....	121
Frozen, Ready-to-Eat Foods	122
Prepackaged Foods.....	122
Cooking	123
Cooling	125
Hot-holding and Reheating.....	127
Time as a Public Health Control.....	128
Serving Safe Food.....	130
Discarding or Reconditioning Food.....	131
Refilling Returnable Containers.....	131
Self-Service Bar.....	132
Temporary Food Establishments and Mobile Food Establishments.....	133
Prepared Foods.....	135
Summary.....	136
Quiz 4 (Multiple Choice).....	137
References/Suggested Readings.....	141
Suggested Web Sites.....	141

CHAPTER 5

FACILITIES, EQUIPMENT, AND UTENSILS

Design, Layout, and Facilities	145
Regulatory Considerations.....	145
Work Center Planning.....	146
Equipment Selection	146
Size and Design.....	146
Construction Materials.....	147

Types of Equipment	150
Cooking Equipment.....	150
Ovens and Fryers	150
Refrigeration and Low Temperature Storage Equipment.....	152
Types of Refrigeration.....	154
Reach-in	154
Walk-in.....	154
Cook-chill and Rapid-chill Systems	155
Hot-Holding Equipment.....	156
Other Types of Food Equipment	157
Slicers	157
Mixers, grinders, and choppers.....	157
Ice machines	158
Single-Service and Single-Use Articles	159
Warewashing Equipment	159
Manual Warewashing.....	160
Mechanical Warewashing	161
Devices Used to Generate Chemicals on Site	162
Installation	163
Maintenance and Replacement	163
Lighting	164
Heating, Ventilation, and Air Conditioning (HVAC)	165
Summary	167
Quiz 5 (Multiple Choice)	168
References/Suggested Readings	171
Suggested Web Sites	171

CHAPTER 6

CLEANING AND SANITIZING OPERATIONS

Principles of Cleaning and Sanitizing	175
Pre-scrape / Pre-flush to Remove Food Particles	176

Application of Cleaning Agents	176
Soaking.....	177
Spray Methods.....	177
Clean-in-place systems	177
Abrasive cleaning.....	177
Detergents and Cleaners to Be Used.....	177
Factors that affect Cleaning Efficiency	178
Rinsing.....	178
Cleaning frequency	178
Sanitizing Principles	181
Heat Sanitizing.....	182
Hot Water.....	182
Steam.....	183
Chemical Sanitizing.....	184
Mechanical Warewashing.....	186
Manual Warewashing	189
Cleaning Fixed Equipment	192
Wiping cloths.....	194
Cleaning Environmental Areas	196
Ceilings and Walls.....	196
Floors.....	197
Procedures for Responding to Clean Up of Vomiting and Diarrheal Events	198
Equipment and Supplies Used for Cleaning.....	200
Summary	201
Quiz 6 (Multiple Choice)	202
References/Suggested Readings.....	205
Suggested Web Sites.....	205

CHAPTER 7

ENVIRONMENTAL SANITATION AND MAINTENANCE

Condition of the Food Establishment.....	209
Proper Water Supply and Sewage Disposal System.....	209

Condition of Building.....211

- Floors, Walls, and Ceilings.....211
- Walls and Ceilings.....213
- Restroom Sanitation213
- Handwashing Facilities.....214

Plumbing Hazards in Food Establishments215

- Cross Connections and Backflow.....215
- Methods and Devices to Prevent Backflow.....216
- Backflow Prevention Devices on Carbonators.....216
- Grease Traps218

Garbage and Refuse Sanitation218

- Inside Storage218
- Outside Storage.....219

Pest Control220

- Integrated Pest Management (IPM).....220
- Insects221
- Rodents.....223
 - Signs of Rodent Infestation223
 - Rodent Control.....225

Summary227

Quiz 7 (Multiple Choice)228

Suggested Reading/References231

Suggested Web Sites.....231

CHAPTER 8

FOOD SAFETY MANAGEMENT PROGRAMS

The Problem.....235

The Solution235

The Hazard Analysis Critical Control Point (HACCP) System236

- Product Description and Development of the Food Flow Diagram237

The Seven Principles in a HACCP System241

- Principle 1—Hazard Analysis.....241
- Principle 2—Identify the critical control points (CCPs) in food preparation ..244

Principle 3—Establish Critical Limits (thresholds) that must be met at each identified CCP247

Principle 4—Establish Procedures to Monitor CCPs.....250

Principle 5—Establish the corrective action to be taken when monitoring indicates a critical limit has been exceeded.....252

Principle 6—Establish procedures to verify the HACCP system is working252

Principle 7—Establish an Effective Record-Keeping System that will document the HACCP system.....253

Roles and Responsibilities Under HACCP254

Complementary Food Safety Management Programs.....254

Food Recalls.....255

Food Safety Related Crisis Management Situations256

 Water Supply Emergency Procedures.....256

 Foodborne Disease Incident or Outbreak.....258

 Bioterrorism and Food Protection260

 Challenges of Food Safety Management261

Summary263

Quiz 8 (Multiple Choice)264

References/Suggested Readings.....267

Suggested Web Sites.....267

CHAPTER 9

FOOD SAFETY REGULATIONS

State and Local Regulations271

 Permit to Operate.....271

 Routine Inspections271

 Inspection Provisions.....273

Federal Agencies.....275

 Other Food Safety Related Organizations.....277

 The Conference for Food Protection (CFP)277

Inspection for Wholesomeness and Grading of Food278

Food Labeling279

 Safe Food-Handling Instructions.....280

 Food Allergen Labeling and Consumer Protection Act.....281

Product Dating Labels281

Date Marking for Ready-to-Eat, TCS Foods282

Consumer Advisory.....285

Recent Initiatives in Food Safety286

 Food Safety Modernization Act.....286

 National Food Safety Initiatives.....287

 The Fight BAC!™ Campaign.....288

Summary.....289

Quiz 9 (Multiple Choice)290

References/Suggested Reading293

Suggested Web Sites.....293

GLOSSARY295

APPENDIXES

Appendix A.....316

 Answers to End of Chapter Questions

Appendix B317

 The Process for Determining Potentially Hazardous Food (Time/
 Temperature Control for Safety Food (TCS)

Appendix C321

 Summary of Agents That Cause Foodborne Disease

Appendix D.....326

 Multitiered, Risk-based Employee Health System

Appendix E.....345

 Conversion Table for Fahrenheit and Celsius for Common Temperatures
 Used in Food Establishments

Appendix F.....346

 Areas of Knowledge Deemed Important for the Person in Charge

Appendix G.....348

 Risk Designations for Food Code Provisions

Appendix H.....349

 Factors Affecting Cleaning and Sanitizing

INDEX353
