Products / Services: Refrigeration

Company Description: A-Gas is the world leader in the supply and lifecycle management of refrigerants and associated products and services. For over 30 years, through our first-class recovery, reclamation, and repurposing processes, we have been capturing refrigerant gas for future re-use or safe destruction, preventing its harmful release into the atmosphere. Our unique Rapid Recovery service is comprised of a network of EPA-Certified technicians who go to store locations, recover refrigerant racks, deliver EPA documentation, and then provide our customers with a commitment to provide a matching volume of AHRI-certified refrigerant gas. This assurance gives grocery stores the peace of mind that they can get the refrigerants they need in a tightening market.

Company Description: Advantage Solutions was formed in 1987 on founder Sonny King's vision of building a national sales and marketing agency focused on unparalleled service, customized solutions, and outstanding results. Today we are the leading sales and marketing agency in the industry with a workforce of over 40,000 talented associates generating over \$65B in sales.

At Advantage Solutions, we're the unseen architects behind your everyday purchases. From pantry staples to your online shopping carts, we ensure your favorite goods are always in stock and within reach by connecting manufacturers to the right retailers and teaming up with retailers to figure out the best ways to get those products into your hands. We specialize in elevating brand presence, enhancing retail strategies, and creating memorable brand experiences.

Our purpose is to connect people with products and experiences that enrich their lives. How do we do that? Through our mission: to generate demand for consumer brands and retailers, converting shoppers into buyers in every way they shop, and our values: Put People First, Serve with Heart, Lead with Insights, Execute Relentlessly and Win Together.

Company Description: Afresh is the world's leading fresh technology company helping grocers make smarter decisions throughout their fresh supply chain, ultimately increasing profits and significantly reducing food waste.

Success in fresh relies on making good decisions with incomplete, ever-changing, and uncertain information — realities inherent and inevitable in fresh grocery. Legacy systems and practices for managing fresh inventory are not built to recognize or respond to this reality. Many grocers today are stuck betting their most strategic category on brittle technology and convoluted labor practices, leading to increased costs and reduced quality for consumers.

With Afresh's built-for-fresh approach, more than 3,000 stores are seeing incredible results, on average:

- +3% sales increase
- +20% improvement in labor efficiency
- 25% shrink reduction
- 80% stockout reduction
- +7% faster inventory turns

Company Description: Innovation and a focus on the future since 1983. AHT Cooling Systems GmbH has been operating successfully in the field of commercial refrigeration for more than 30 years. During this time, our ceaseless pursuit of innovation has allowed us to continuously push the envelope in our industry for the benefit of our customers – today and in the future.

At the AHT headquarters, the heart of our company, our cutting-edge cooling systems are designed and produced on a production area of more than 60.000 m2. More than 200.000 units leave our headquarters every year.

We are one of the world leaders in our main area of business – the production of plug-in coolers and freezers for the commercial sector. Our systems are delivered to all major global discounters and supermarket chains as well as a number of renowned producers in the ice-cream and drinks industry via successful partnerships. Our overarching philosophy is built on the pillars sustainability, energy efficiency, innovation and maximum customer benefit.

Our awareness for quality and environmental consciousness is not only confirmed by our ISO certifications 9001 (Quality management) and 14001 (Environmental management) – we live it continuously through our resource-conserving production processes and ecologically-minded products, every single day; for we will always strive to fulfill the high expectations our customers have in our products and the brand AHT.

Products / Services: Security Systems & Products

Company Description: ALL-TAG is an American manufacturer of Anti-Theft products that help retailers reduce common and ORC theft while boosting sales. We are the market leader in customizing products to include individual store specific information to aid in the recovery and return of stolen merchandise. These products are virtually impossible to remove from merchandise packaging, and will permanently damage the packaging if they are forcibly removed. Retailers can protect their merchandise while making it accessible to shoppers, which is critical for maximizing sales. The cost of these products is extremely low when compared to lock boxes, keepers, spider wraps, shelf protectors, etc. All of these factors lead to a quick and substantial ROI. ALL-TAG manufactures RF Labels in their South Florida facility, and is a leading supplier of AM labels. Top retailers and their Source Tagging partners around the world are using ALL-TAG RF and AM Labels to protect their merchandise.

Veesion Pro, also provided by ALL-TAG, is intelligent video surveillance software that continuously analyzes any retailer's cameras. The software automatically detects suspicious shoplifting behavior and gestures in real time with algorithmic analysis of video footage. A video notification is immediately sent to store personnel providing the retailer an opportunity to prevent theft and ORC while it is happening.

Veesion is an enhancement to any video surveillance system as it is the equivalent of having a set of eyes on every camera in a retail store. Furthermore, it does so for the fraction of the price of a video room monitor and with much greater accuracy.

Company Description: ARC solves operational challenges faced by companies who have large investments in handheld devices (i.e., devices by Zebra, Honeywell, etc.), which associates use to be productive for tasks like package/baggage scanning, inventory check, mobile PoS, etc. We've learned from clients that managing handheld devices is a nightmare -- they're experiencing surprisingly high device shrink, wasted time managing manual processes, and lost productivity when devices stop working, go missing, or batteries die.

ARC is a device management solution integrated with smart lockers to store, secure, and charge these company-owned handheld devices. ARC reduces device shrink, hits to productivity, wasted payroll time consumed by managers, and the number of faulty devices in circulation.
