Unit E
Boca Raton, FL 33487-3538

Tel: 561-998-9983

Website: www.all-tag.com

Email: info@all-tag.com

Products / Services: Security Systems & Products

Company Description: ALL-TAG is an American manufacturer of Anti-Theft products that help retailers reduce common and ORC theft while boosting sales. We are the market leader in customizing products to include individual store specific information to aid in the recovery and return of stolen merchandise. These products are virtually impossible to remove from merchandise packaging, and will permanently damage the packaging if they are forcibly removed. Retailers can protect their merchandise while making it accessible to shoppers, which is critical for maximizing sales. The cost of these products is extremely low when compared to lock boxes, keepers, spider wraps, shelf protectors, etc. All of these factors lead to a quick and substantial ROI. ALL-TAG manufactures RF Labels in their South Florida facility, and is a leading supplier of AM labels. Top retailers and their Source Tagging partners around the world are using ALL-TAG RF and AM Labels to protect their merchandise.

Veesion Pro, also provided by ALL-TAG, is intelligent video surveillance software that continuously analyzes any retailer's cameras. The software automatically detects suspicious shoplifting behavior and gestures in real time with algorithmic analysis of video footage. A video notification is immediately sent to store personnel providing the retailer an opportunity to prevent theft and ORC while it is happening.

Veesion is an enhancement to any video surveillance system as it is the equivalent of having a set of eyes on every camera in a retail store. Furthermore, it does so for the fraction of the price of a video room monitor and with much greater accuracy.

Primary Contact: Andy Gilbert
Senior Vice President, Sales

Brands: ALL-TAG manufactures and supplies their own brand of Sensormatic AM and Checkpoint RF compatible Labels, Hard Tags, and other anti-theft solutions.

STE 920
Philadelphia, PA 19106-2549

Tel: 215-220-6600

Website: <https://experiencearc.com/Chargeitspot.com>

Products / Services: Security Systems & Products; Technology Services

Company Description: ARC solves operational challenges faced by companies who have large investments in handheld devices (i.e., devices by Zebra, Honeywell, etc.), which associates use to be productive for tasks like package/baggage scanning, inventory check, mobile PoS, etc. We've learned from clients that managing handheld devices is a nightmare -- they're experiencing surprisingly high device shrink, wasted time managing manual processes, and lost productivity when devices stop working, go missing, or batteries die.

ARC is a device management solution integrated with smart lockers to store, secure, and charge these company-owned handheld devices. ARC reduces device shrink, hits to productivity, wasted payroll time consumed by managers, and the number of faulty devices in circulation.

Company Description: How we do things is just as important as why we do them. Operating since 1987, Chesapeake Spice, a family-owned business, has flourished by advancing technology, hiring key personnel with industry knowledge and experience, and continually expanding and improving both manufacturing facilities which are located strategically on the east and west coasts.

The world is our marketplace and we travel the globe visiting spice farms, examining crops and establishing long-term relationships with farmers to procure the best raw materials available. Whether you are purchasing spices or seasoning blends, this direct sourcing gives us a distinct and competitive advantage that allows us total control in our process, from the fields to your finished products. Such control ensures a consistent and reliable supply chain, as well as the ability to gather valuable market information to share with you, our customers.

Chesapeake's commitment to quality is relentless and extends beyond the Quality Team. Management promotes proactive Quality Assurance that empowers and encourages all employees to take ownership, ensuring a continuous improvement program. We participate in the Global Food Safety Initiative and are BRC-certified.

Chesapeake is proud and committed to offer exemplary customer service, with knowledge, experience and dedication to understand your needs. We offer rapid sample turnaround along with providing immediate response to your document requests. We cater to a diverse customer base where no project is too small and no order is too big.

Chesapeake Spice is rich with experience and knowledge, and that is a major part of what defines us as a company. We approach our business with excitement and enthusiasm and are proud of the products that we make and how we make them. We want to share our enthusiasm with you!

 Our journey began over a century ago in Chicago. Today, as part of the Solenis family, we are transforming tomorrow by caring for the essentials of life in 130 countries across six continents. Through global partnership and innovation, we meet the challenges of tomorrow, today. Discover how Diversey and Solenis are creating the path to a sustainable future together.

Diversey has found success in the retail industry due to our insights and understanding of our customers' needs. Our solutions are a practical reflection of what we know your challenges to be and the ways in which you define success within your stores.

We understand that it is critical for our customers to control and reduce hygiene spend and improve efficiency through optimal solutions and training.

To Diversey and our customers, sustainability is about more than "green" products, it encompasses the reduction of waste, carbon footprint, energy, water, and chemical waste. Working with our customers we deliver proven solutions that help to trace and report on Environmental Social and Governance targets.

The safety of customers and staff is critical, and with a focus on solutions that improve safety we can help to protect your brand.

The shopping experience is important to your Retail customers and is safeguarded by well-trained employees that have defined operational procedures and effective products that deliver the right results.

Company Description: At IBM, we strive to lead in the creation, development and manufacture of the industry's most advanced information technologies, including computer systems, software, networking systems, point-of-sale systems, kiosks and storage devices for the retail industry.

We translate these advanced technologies into value for our retail customers through our professional solutions and services businesses worldwide.

Today's multi-channel consumers, the most profitable of all consumers, expect more for their loyalty. At the same time, a slowing economy is forcing retailers to slash operating expenses. We have the technology, consulting and financial expertise to help you work smarter in the new economic reality. From streamlining store operations to strengthening customer loyalty, we know what it takes to keep your retail operations ahead of the competition.

Company Description: Four Generations and more than 60 years later, Maple Leaf Farms duck continues to create culinary experiences from the kitchen table to restaurants around the world. Our farm to fork focus and vertical integration ensures that you are getting the tastiest duck in the most sustainable and humane way possible.

We knew from the start that treating our ducks right is our top priority. That's why we put care into every step of farming, feeding, and processing. We keep our ducks as happy and healthy as possible at our farms. They eat a healthy balance of grains and veggies and are free to roam in cage free barns. We knew this was a priority from the start, so we developed the first and only duck well-being guidelines with veterinarians and poultry scientists from all over the country.

Our Trident Stewardship Program is the leading duck care program in the world.

Company Description: Since our founding in 1971, Nihon Shokken Group has accomplished continuous growth and has become internationally distinguished. As we continue to expand, we aspire to promote the development of “deliciousness” and “convenience” in food culture through the research, production, and sales of sauces and seasonings. Nihon Shokken Group began American operations in 1988 with opening its Los Angeles Sales Office in Torrance, California. As a subsidiary of Nihon Shokken Holding Co. Ltd., the company initially imported and distributed sauces and seasonings made in Japan throughout the U.S. Great reception of our products allowed our company to open other branches nationwide which encouraged the foundation of Nippon Shokken U.S.A. in 2006. In April 2013, after being captivated by the beauty of the region’s resources and surrounding food culture, the newly named company established roots locally through building a new manufacturing facility in West Sacramento and started domestic production of products in June 2013. From this 70,000 square foot head office and plant, we produce fresh, high quality products for our valued customers as we embark on furthering and delivering new innovations to food culture in the U.S.

How it works

Each OSMG partner serves as an independently-owned regional broker, with personal relationships and familiarity with their specific accounts in their region of the country.

When you decide that you want nationwide coverage, the partners join together seamlessly to create one cohesive broker - On Shelf Marketing Group (OSMG).

The same time and dedication you would receive in a local setting is applied throughout the nation.

Company Description: Inspired by the need for a collective voice of the plant-based foods industry and representation in government, The Plant Based Foods Association was created in 2016 by our founding board members, Jaime Athos, Martin Kruger, Nicole Sopko, Miyoko Schinner, and Michael Lynch, and founding executive director, Michele Simon. The Plant Based Foods Association officially launched at Natural Products Expo West with 23 member companies in March of 2016.

The board, founding executive director, and these 23 brands were the pioneers of PBFA. Each company believed in the path of exponential growth and vision of the plant-based foods industry, and this created the foundation for PBFA's post-launch accomplishments and current successes.

Company Description: Two of the most trusted household brands, Reynolds® and Hefty®, joined together as Reynolds Consumer Products in 2010. While the establishment of this new company made it official, the truth is that Reynolds® and Hefty® products have been found side-by-side in the kitchens of American families for more than three generations.

The creation of both the Reynolds® and Hefty® brands is the direct result of American ingenuity mixed with a bit of elbow grease. Reynolds Wrap® foil was invented after aluminum was no longer needed for military use; and became a new staple for American kitchens. Hefty® waste bags were first developed with excess material from an early plastics innovator, creating another household essential.

Company Description: We've been in your shoes. We've experienced your frustration. The Allan Sullivan Co. was born when we set out to change it. We built the brokerage to provide the value we wish we got when we were in your position.

Over the course of our careers, we've led everything from category and trade marketing to national account teams and business units in excess of \$1B. We've been on the manufacturer side of the table and the retailer side of the table. We've been at large multinationals and small startups.

No matter where we were, we kept being underwhelmed by the quality of the manufacturers reps we ran into. Even the ones we hired – we were always left wanting more. How was it possible that such a critical part of the value equation could come up so short so often?

Company Description: UEP's first organizational meeting was held in Chicago on November 12, 1968 at which time egg producers from across the U.S. recognized the need for a regional cooperative organization to address the needs of the industry. Thus, five regional offices were created: Midwest UEP, Southern UEP, North Atlantic UEP, West Coast and Northwest United Egg Producers. A federated Capper-Volstead Agricultural Cooperative was structured with membership available to producers who are engaged as a farmer in the production of table eggs. Membership is also available to owners of breeder flocks, hatcheries, pullets growers, contract egg producers, and farm cooperatives that meet the requirement of owned or leased facilities.

In October 1998, the by-laws of UEP were amended thereby changing the organization to a direct member organization.
