Company Description:	We've been in your shoes. We've experienced your frustration. The Allan Sullivan Co. was born when we set out to change it. We built the brokerage to provide the value we wish we got when we were in your position. Over the course of our careers, we've led everything from category and trade marketing to national account teams and business units in excess of $1B. We've been on the manufacturer side of the table and the retailer side of the table. We've been at large multinationals and small startups. No matter where we were, we kept being underwhelmed by the quality of the manufacturers reps we ran into. Even the ones we hired – we were always left wanting more. How was it possible that such a critical part of the value equation could come up so short so often?
