Products / Services: Energy Management

Company Description: Phoenix Energy Technologies is a leading property-technology company revolutionizing how multi-site building portfolios are operated. Through our innovative software platform, EnterpriseDX®, we integrate legacy IoT devices and external data sources into a seamless solution that enables proactive and predictive management of energy-intensive assets like HVAC, refrigeration, and lighting. By leveraging advanced data analytics and AI, we empower organizations to optimize equipment efficiency, cut energy costs, reduce maintenance expenses, and extend asset life—delivering substantial ROI. Our commitment to sustainability and operational excellence ensures that every facility achieves peak performance while minimizing energy consumption and maximizing long-term value. At Phoenix, we transform building management with data-driven insights and personalized service, enabling a future where buildings operate with unparalleled efficiency and sustainability.
