Company Description:	At BAC, we don’t just build cooling systems, we shape the future of sustainable solutions. With over 85 years of innovation, we lead the HVAC, industrial, and refrigeration industries in delivering evaporative, hybrid, and dry cooling technologies that power the world’s most demanding environments. Global Reach | Sustainable Stewardship | Relentless Innovation From data centers to manufacturing plants, our solutions help customers reduce energy use, improve efficiency, and protect the planet. Every day, our 3,000+ employees from our 500+ sales offices and 10 factories globally work side-by-side with partners to deliver smarter, safer, and more sustainable cooling. We’re proud to be part of Amsted Industries, an employee-owned company that thrives on teamwork, integrity, and enterprise. At BAC, we’re inspired by nature and powered by our people. Founded in 1938, BAC (Baltimore Aircoil Company) is a global leader in sustainable cooling solutions. Our mission is simple yet powerful: to continually advance truly sustainable cooling, inspired by nature and powered by our people, for a world that depends on it to grow, succeed, and thrive. We serve a wide range of industries, from commercial HVAC and industrial processing to mission-critical data centers, delivering high-performance solutions that balance human and planetary health.
