A-Gas Rapid Recovery

Description

A-Gas is the world leader in the supply and lifecycle management of refrigerants and associated products and services. For over 30 years, through our first-class recovery, reclamation, and repurposing processes, we have been capturing refrigerant gas for future re-use or safe destruction, preventing its harmful release into the atmosphere. Our unique Rapid Recovery service is comprised of a network of EPA-Certified technicians who go to store locations, recover refrigerant racks, deliver EPA documentation, and then provide our customers with a commitment to provide a matching volume of AHRI-certified refrigerant gas. This assurance gives grocery stores the peace of mind that they can get the refrigerants they need in a tightening market.

Afresh Technologies

33 New Montgomery St.
#1100
San Francisco, CA 94105-4527
United States
Main Phone: 805-551-9245
Web site: <https://www.afresh.com/>
E-mail: hello@afreshtechnologies.com

Description

Afresh is the world's leading fresh technology company helping grocers make smarter decisions throughout their fresh supply chain, ultimately increasing profits and significantly reducing food waste. Success in fresh relies on making good decisions with incomplete, ever-changing, and uncertain information — realities inherent and inevitable in fresh grocery. Legacy systems and practices for managing fresh inventory are not built to recognize or respond to this reality. Many grocers today are stuck betting their most strategic category on brittle technology and convoluted labor practices, leading to increased costs and reduced quality for consumers. With Afresh's built-for-fresh approach, more than 3,000 stores are seeing incredible results, on average: +3% sales increase +20% improvement in labor efficiency -25% shrink reduction -80% stockout reduction +7% faster inventory turns Learn more at www.afresh.com
