Allegiance Retail Services, LLC (Foodtown)
Description
Allegiance / Foodtown, is a Retail Services entity which provides Merchandising, Marketing and Technology expertise to its twenty co-op members which operate some 85 stores in three northeast states. Our Member stores (which trade under the Foodtown; D?Agostino?s; Freshtown and LaBella Marketplace banners) are diverse in their size, and the neighborhoods / customer demographics they service. As Independent Retailers, we take great pride in aligning ourselves with the food needs of the neighborhoods we service, and in providing great customer service and the highest quality perishables. With sales of $1.0 bil annually, servicing a densely populated landscape of New York, New Jersey and Pennsylvania, the store growth opportunity is significant. The footprint of our primary supplier - C&S Wholesale - the largest wholesaler in the US, again allows us the scale required to grow the store-base and co-op membership. The Foodtown banner will soon be celebrating its 60th year.

Description  
For more than 160 years, Anheuser-Busch and its world-class brewmasters have carried on a legacy of brewing America’s most-popular beers. Starting with the finest, all-natural ingredients sourced from Anheuser-Busch’s family of growers, every batch is crafted using the same exacting standards and time-honored traditions passed down through generations of proud Anheuser-Busch brewmasters and employees. Best known for its fine American-style lagers, Budweiser and Bud Light, the company’s beers lead numerous beer segments and combined hold 47.6 percent share of the U.S. beer market. Anheuser-Busch is the U.S. arm of Anheuser-Busch InBev and operates 12 local breweries, 17 distributorships and 23 agricultural and packaging facilities across the United States, representing a capital investment of more than $15.5 billion. Its flagship brewery remains in St. Louis, Mo., and is among the global company’s largest and most technologically capable breweries. Visitor and special beermaster tours are available at its St. Louis and four other Anheuser-Busch breweries. For more information, visit www.anheuser-busch.com.

Description
ASDA Group offers shoppers everything from frankfurters to diamond rings. Owned by Wal-Mart Stores, ASDA is the UK's second-largest food retailer (behind Tesco). It operates nearly 250 large stores (averaging more than 55,000 sq. ft.) that primarily sell groceries and apparel. The stores also sell CDs, books, videos, and items for the home. It offers American, Chinese and Mexican take-away meals. Since being bought by Wal-Mart, ASDA has set off a price war in the UK by initiating Wal-Mart's aggressive "price-rollback" program and converting about 10 stores to Wal-Mart's supercenter format under the ASDA-Wal-Mart banner. ASDA's Gazeley unit develops property.

Description
One of Bashas' banners - Food City, with a reputation of 60-plus years of service to the Hispanic community in Arizona, and with nearly 50 stores across the state, offers a full range of Hispanic and ethnic food varieties along with traditional grocery store items. Over the years, Food City has saved and created thousands of jobs in many economically-challenged neighborhoods. The diverse member (employee) base provides superior customer service and quality products at everyday-low prices for our price-conscious shoppers. While customer service and quality products are a building block for Food City, at its core it invests in the neighborhoods it serves through community outreach and service projects. From back-to-school immunizations and backpack giveaways to food drives, large soccer tournaments, and cultural celebrations, Food City honors the Hispanic culture and community.

Description

as of 2003 - The Pick 'n Pay Group took full ownership of Boxer Superstores on 1 March 2002, allowing the Group to provide South Africa's rural, peri-urban & urban markets with unbeatable value on a wide range of basic foodstuffs - at affordable prices. Boxer's popularity is based on a successful trading formula, offering a full service including bakery, butchery, deli, fruit and vegetable divisions. Rampant food inflation presented major challenge to the Boxer team and we are pleased to announce that in December 2002 and January 2003, the cost prices of basic foodstuffs, like maize meal, were reduced and these reductions were then passed onto the consumer. In the passing year, Boxer has opened two new stores bringing the total number of stores in the country to 41. In the year ahead, Boxer Superstores plans to open an additional six new stores - further making inroads into KwaZulu Natal, Eastern Cape, Mpumalanga, Limpopo Province, North-West Province and Gauteng. Boxer Superstores offers a wide range of supermarket products as well as an instore bakery, butchery, deli and fresh fruit & vegetable departments ? to provide a full, one-stop shopping experience. Our stores are located in KwaZulu-Natal, the Eastern Cape, Mpumalanga, Limpopo Province, Gauteng and in the North-West Province. Our head office is based in Pinetown. Boxer Superstores welcomes everyone to enjoy our Knockout Prices and Knockout Savings.

Description
Bumble Bee® Foods was founded by a handful of dedicated canners back in 1899. As a company Bumble Bee® has grown more than our founding fathers would have dreamed. Bumble Bee employs over 1,000 hard working men and women and is an international company selling canned tuna and salmon throughout the world under the Bumble Bee Label and in Canada under the Clover Leaf brand name. Bumble Bee has canning facilities in Mayaguez, Puerto Rico; and Santa Fe Springs, Ca. Over the years Bumble Bee has transformed its plants from labor intensive production lines to automated lines. By keeping up with today's technology, Bumble Bee is able to provide a quality product at a competitive price. When consumers see the "Bee" on a canned seafood product, they can be assured it means premium quality seafood. Quality is not all the Bumble Bee brand name stands for, Bumble Bee also stands for variety. Our famous "Bee" can be found on a variety of premium quality seafood products. The Bee is on canned crab meat, shrimp, oysters, clams and of course Bumble Bee best sellers albacore and salmon.
Bumble Bee is a full service seafood provider!

Description
Our founder Mike Salguero was first introduced to 100% grass-fed beef through a local farmer who sold ¼ and ½ shares of cattle. After trying it, he was instantly hooked. He preferred the more natural taste and was thrilled to discover the many health advantages grass-fed beef has over ordinary grain-fed beef. So his question became, why isn’t
everyone eating this?? After doing some research, he discovered that not everyone has access to grass-fed beef, and even if people have access, their selection is often limited to just ground beef. This helps explain why just 1% of the total beef consumed in the United States is 100% grass-fed. Our goal is to make grass-fed beef more accessible than ever before.

Buy-Low Foods is a privately held company purchased by The Jim Pattison Group, Vancouver, British Columbia in 1995. The company was originally founded in 1966 with the first store opening at Arbutus Street & 16th Avenue in Vancouver. Buy-Low Foods is the largest food wholesale distributor to independents in Canada, servicing nearly 1,800 supermarket, convenience and specialty produce markets. With 24 corporate and franchise supermarkets, Buy-Low Foods also provides quality products at low, low prices directly to consumers in communities throughout British Columbia and Alberta. Each store is unique, but shares one thing in common: a commitment to delivering great quality products at low, low food prices.

Description
We reach hard-to-reach affinity groups like Latinas or Millennials. We drive traffic via inspiring real life product stories promoting new items. We amplify demos to spike sales outside the 4-6 hour demo period. We make new store openings incredibly successful. And we do all this by using social media to solve shopper marketing problems. CB harnesses the power of social content through our community of geographically and demographically diverse social influencers who have micro audiences centered on
specific affinities and passions. They have incredible reach and their content generates high levels of engagement with value-conscious shoppers; this content gets deployed across all social channels and initiates two-way conversations directly with customers to influence purchase decisions. This is shopper social media and CB is the only one who does it.

**Description**
Freight Handlers, Inc. provides unloading services to the retail grocery, general merchandise and food service industries. Additional labor resources are also provided -freight hauling, case selection, pallet sorting, and trailer switching. FHI is the quality leader in the professional unloading industry, providing the best overall cost, given competitive pricing and exceptional operational performance. FHI's company-paid benefits and competitive production-paid earnings result in quality employees, low turnover and superior service to our customers. Information is the key to lowering your supply chain costs. Detailed management reports identify component costs that can be reduced or eliminated. Our direct invoicing relationships, with vendors and carriers, ensure the lowest cost supply chain solutions where everyone wins. When you decide to partner with FHI, you can eliminate the hassles of independent lumpers, improve dock safety, and achieve a new level of dock productivity which is being enjoyed today by the two largest, privately-held grocery retailers in the USA.

Description
In 2008,Whole Foods Market—a US-based natural and organic food grocer—successfully piloted a Step-rated Program at the launch of their flagship store in London, England. With the success of the launch in the UK, WFM?s co-CEO John Mackey felt that a significantly greater impact could be achieved internationally by having an independent organization own and develop a farm animal welfare certification Program. And so in late 2008, with help from Whole Foods Market, the Global Animal Partnership was born. Since that time, we?ve grown our team and program to better serve all of our partners. We look forward to continuing our strong partnerships with farmers, ranchers, producers, manufacturers, food service companies, and restaurants as we continue to grow awareness and demand for GAP products.

GlobalWorx, Inc. is a privately owned company based in Richmond, VA. It was founded in 2004 by Bill Lecznar and Dave Connell, visionary developers of the first industry collaboration platform. Our award winning technology optimizes the efficiency of task definition, communication, execution, and measurement across all trading partners within the grocery retail supply chain. GlobalWorx developed the OOS Alert application that is focused on significantly improving the DSD out-of-stock problem within the grocery
industry. OOS Alert is specialized and highly effective application of our award-winning technology, which was developed as the first industry collaboration platform for the store-level control of fast-moving consumer goods. The platform optimizes the efficiency of task definition, communication, execution, and measurement.

Description
There are many sausage companies and sausage brands. But there's only one that's as big and bold as the state of Texas itself: Kiolbassa Smoked Meats. Genuine. Honest. Always delicious. Since 1949, the Kiolbassa family has been devoted to the time-honored tradition of hand-crafting sausage and bacon the slow, authentic way. We use only the finest cuts of meats and the freshest spices. We slow-craft our meats in small batches, then it's naturally smoked over Texas hardwoods. Never hurried, never compromised. With no MSG, fillers or cereals. Just real, authentic meats crafted the old-fashioned Texas way. Bold. Hearty. And so satisfying. You'll want to take your time enjoying Kiolbassa Smoked Meats. Because we sure took our time making them.

Description
The foundation of Marketing Management, Inc. was laid in 1966 when Herbert L. Pease, Sr. turned vision into reality. It was in that year Pease, Sr. established Marketing Management, Inc. (MMI); a private label wholesale brokerage firm in Fort Worth, Texas. Opening the doors of MMI built a greater opportunity for private label brands to be successful. In the first few years of business, MMI strived to implement the Service
Purchase Program in order to drive store brand sales for the distributor and the retailer. That program has evolved into the Market Development Funds (MDF) program that is in place today. By constructing this solid framework for MMI, business began growing dramatically. With much success, MMI expanded offering Inventory Management in the early 1980s. Four short years later, Quality Assurance and Consumer Affairs were assembled creating services to bring quality to private label goods. With the assistance of Pease, Sr., the Quality Assurance Association was established in 1989. Today, Quality Assurance and Consumer Affairs have been combined creating the Consumer Science Department. MMI added another building block in 1989 to offer assistance in design development and the merchandising of Store Brands. With more than ten years of expansion and evolution, this creative team has become known as Immotion Studios. Also in 1990, Valor International was established as a sales and marketing agent for both U.S. and International Distributors and a financial solutions provider creating a new level for MMI. MMI entered into a world of technology in 1994 when customers and suppliers were offered database applications and network services. 1997 was a busy year for MMI. Category Development was formed to connect supplier proficiencies with account objectives. And the Quality Assurance Department began conducting sensory panels and focus groups broadening services to better meet client needs. To ensure the continued growth and development of MMI, employee and client training programs were offered in 1998 by the Technical Service Department. The State of Texas granted MMI $263,000 for employee training programs. In 1999 web development and e-commerce operations emerged building the Internetworking Department and multi-media became another addition to Immotion Studios. Internetworking expanded once more in 2000 becoming a full-service iSeries (AS/400) solution provider. Today, the MMI business model consists of four individual business units, or professional service groups, working as an integrated team to support the store brand industry, as well as working independently to target their own markets. The business units are as follows: MMI Store Brand Sales & Marketing, Consumer Science, MMI Internetworking, and Immotion Studios. Beginning with a solid foundation, MMI added block upon block of commitment to excellence forming a resource of dynamic solutions to efficiently meet client needs.

Description
The Molson Coors Beverage Company is a multinational brewing company, formed in 2005 by the merger of Molson of Canada, and Coors of the United States. It is the world's seventh largest brewer by volume While the company is incorporated in the United States, it is traded on stock exchanges in both the United States and Canada, and control is equally shared between the Molson and Coors families. The company is headquartered at 1801 California Street, a 1,372,179-square-foot (127,479.6 m2), 53-story building formerly known as the Transamerica Tower in Denver. It occupies 67,000-square-foot
(6,200 m2) of space located on the 45th, 46th and part of the 47th floors of the
structure.[7][8] Molson Coors expanded significantly after the merger of Anheuser-Busch
InBev and SABMiller in October 2016. This was achieved because during the plans for
the merger, SABMiller had agreed to divest itself of the Miller brands by selling its stake in
MillerCoors to Molson Coors.[9]

The Retail Equation

Description
The Retail Equation optimizes retailers’ revenue and margin by shaping behavior in every consumer transaction. The company’s solutions use predictive analytics to turn each individual shopper’s purchase or return into a more profitable experience. This yields immediate financial payback, increasing store comps by as much as 2 percent, with significant return on investment. The Software-as-a-Service applications operate in more than 34,000 stores in North America, supporting a diverse retail base of specialty apparel, footwear, hard goods, department, big box, auto parts and more. The company’s solutions create sizable new sales at the return counter, while also building customer loyalty, and prevent fraudulent and abusive returns, reducing return rates, improving shrink, and saving millions of dollars annually for retailers.

Reynolds Consumer Products
Description
Two of the most trusted household brands, Reynolds® and Hefty®, joined together as Reynolds Consumer Products in 2010. While the establishment of this new company made it official, the truth is that Reynolds® and Hefty® products have been found side-by-side in the kitchens of American families for more than three generations. The creation of both the Reynolds® and Hefty® brands is the direct result of American ingenuity mixed with a bit of elbow grease. Reynolds Wrap® foil was invented after aluminum was no longer needed for military use; and became a new staple for American kitchens. Hefty® waste bags were first developed with excess material from an early plastics innovator, creating another household essential.

For over 150 years, Filippo Berio has created authentic, crafted olive oils in the traditional style from the past. As we have evolved, we have introduced Italian condiments that further carry these qualities and further demonstrate our uncompromising commitment to providing consistently made products to consumers. Our pestos, glazes and vinegars offer a range of tastes from classic to unique. We have continued to introduce exciting new olive oil flavors as well ranging from regional varieties to organics.

Description
Samuel J. Associates offers the retail market a consistent, ethical, high-quality alternative to in-house and third party resources for corporate recruitment. A true alternative to these resources offers a very high level of practical experience, know-how, contacts and confidentiality. Clients must know that working with Samuel J. Associates is a more professional way to recruit than working with their own in-house people, Internet job sites
or other search firms. Our focus is in the retail industry. Samuel J. Associates is also an excellent place to work, a professional environment that is challenging, rewarding and respectful of ideas and individuals. Our mission is brought to life in the integrity and careful thought put into each decision that makes a difference in the success of clients, candidates and employees.

Description
Score is a metropolitan supermarket, which has proven to be hugely successful in the emerging South African market. This past year has seen the conversion of the RiteValu franchise format to Pick 'n Pay Mini Markets, now under the control of the Pick 'n Pay Franchise Division. Score is now clearly focused on the emerging supermarket industry in southern Africa and, during the past financial year, 12 new corporate stores were opened bringing the total to 114. In the year ahead 25 new stores are planned to be opened. Four stores opened in Tanzania during the last year and have now been trading for six months. "We are currently in the process of reviewing our progress to date," said Martin Rosen Managing Director, "and we will come to a final conclusion in the year ahead as to our plans for development in this region." At the end of the past financial period there were 114 Score Supermarkets country wide.

Description
In 1999, the Southeast Produce Council (SEPC) was formed by six members who had a vision for a Southeastern-based produce organization. The members met at the Atlanta Farmer?s Market in August 1999. The first formal meeting of the Southeast Produce Council was held in Charlotte, NC with 100 produce professionals from across all areas of the industry in attendance. An innovative produce organization emerged which has grown to over 2500 members and is continuing to grow at a steady pace. Today, the council stands behind its Vision, Mission, Values, and Goals.

Southwest Bison USA Beef Packing

Description  
Our process starts at conception. We select strong, healthy bison whose genetics have survived the rigors of North America for millions of years. We then give them access to the quality native grasses and forbs they deserve, upon which, they are the "Proper Fauna". Weight gain is a natural phenomenon for our healthy animals. However, weight
gain is not the sole measure of a bison’s quality or contribution. Because of the unavoidable development of fencing and urban development, the once vast roaming herds (now remnant) have been replaced by healthy managed family groups. We manage the herd in as much of a “hands-off” manor as possible. Herd health and well-being, which includes social dynamics and the struggle for herd dominance, is a natural existence for bison. In this way, we yield to nature, but provide systems and programs that minimize bruising and injury. Bruising is a common cause of meat waste and can be significantly reduced, by our low stress techniques of handling, transport, and harvest. Everything we do impacts the quality of the meat on your plate, including holistic and regenerative land-care directives. Our philosophy is a “nose to tail” harvest. That means use every part of the animal, from luxurious hides, wholesome ground meat, delicious steaks, to your pet’s favorite snack or meal. We welcome you in our journey as we honor this mighty and majestic animal. By welcoming you, we welcome them, and their return to the North American landscape.

Description
The Fishin' Company is the largest importer of tilapia in the world and one of the largest importers of frozen fish, with offices and processing sites located around the world. Established in 2002, our minority-owned company was built on the principles of supplying the highest quality products, at the lowest prices possible, while providing an unmatchable level of customer service. We focus every day on building strong, long-lasting partnerships with our customers, and we have the distinct honor of continuing to supply many of our original customers. Today, The Fishin' Company supplies many of the largest retailers and food services companies in the world. We offer both private label and Fishin' branded packaging options. Our newest brand, Rising Tide, made its debut in retail stores throughout the country in early 2017. The Rising Tide brand includes both commodity and Value-Added items. Our vertical integration and long-term supplier partnerships allow us to provide specific retail packaging, custom products, and bulk offerings. In addition, The Fishin' Company provides a wide range of sustainably-sourced, wild-caught and farm-raised seafood products that are MSC and
BAP certified, including species such as tilapia, salmon, cod, swai, haddock, snow crab, and mussels. We pride ourselves on being fully compliant with all food safety and social compliance-related requirements.

Description
Established in 1988, the company is led by Chief Executive Officer Darren Thomas and his father and company founder Chris Thomas. The TFI group of companies generates annual turnover in excess of $2 billion and employs more than 3000 people globally. Processing on average 120,000 sheep, goats and lambs and 5000 cattle per week across the group, TFI supplies national markets and more than 85 overseas destinations. TFI operates three meat-processing plants in Australia, located at Murray Bridge and Lobethal
in South Australia, and Tamworth in New South Wales. The group also has a wholesale and distribution business that services the needs of the domestic market. TFI is represented in the United States through its subsidiary company Thomas Foods International USA. This company services the entire North American market with distribution centres across numerous states and is the continent’s largest importer of Australian chilled beef and lamb. Other businesses within the TFI group of companies include Thomas Foods International China (TFIC), a 100% company-owned distribution business based in Shanghai; food retail label Thomas Farms; meat wholesaler Holco; ready-to-cook meal business Thomas Farms Kitchen; and sustainable seafood export business Thomas Cappo Seafoods, a collaboration with Cappo Seafood.

United Egg Producers

UEP's first organizational meeting was held in Chicago on November 12, 1968 at which time egg producers from across the U.S. recognized the need for a regional cooperative organization to address the needs of the industry. Thus, five regional offices were created: Midwest UEP, Southern UEP, North Atlantic UEP, West Coast and Northwest United Egg Producers. A federated Capper-Volstead Agricultural Cooperative was structured with membership available to producers who are engaged as a farmer in the production of table eggs. Membership is also available to owners of breeder flocks, hatcheries, pullets growers, contract egg producers, and farm cooperatives that meet the requirement of owned or leased facilities. In October 1998, the by-laws of UEP were amended thereby changing the organization to a direct member organization.
